### EXAMINER'S AMENDMENT

This Office action is responsive to the RCE filed on January 29, 2003.

Claims 1-10, 12, and 17 have been canceled.

Claims 11, 13-16 and 18-29 are pending in the application.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. The application has been amended as follows:  
  
In claim 13, line 1, the number "12" is changed to --11--.  
  
In claim 18, line 1, the number "17" is changed to --16--.  
  
Authorization for this examiner's amendment was given in a telephone interview with applicant's attorney, Mr. Phillip P. Lee, on April 17, 2003.
3. Claims 11, 13-16 and 18-29 are allowed and renumbered as 1-12, 14-17 and 13, respectively.
4. The following is an examiner's statement of reasons for allowance: The prior art taken either singly or in combination fails to anticipate or fairly suggest: a) the method step of removing a thin portion of the connecting sheet between each of the lead posts to electrically isolate each of the lead posts wherein an unremoved

portion of the connecting sheet remains connected to each lead post and forms an oversized contact pad on a bottom surface of the packaged integrated circuits, wherein the oversized contact pad has a diameter that is larger than a diameter of each of the lead posts, as recited in independent claim 11, and b) the method step of providing a conductive lead frame having an imperforate connecting sheet and an array of integrally formed lead posts that extend from a top surface of the connecting sheet, and a step of attaching a plurality of semiconductor dice onto the lead frame wherein a first surface of each die, which has contact pads, is placed in contact with the array of lead posts, as recited in independent claim 25; especially when these limitations are considered within the specific combination claimed.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
